**HOLDINGS**

Under the terms of the transaction, Southwest Gas Holdings will acquire 100% of Questar Pipelines for \$1.545 billion in cash. Southwest Gas Holdings will also assume \$430 million of Questar Pipelines' debt. The transaction is expected to be accretive to earnings per share in 2022 (first full year after close).

John P. Hester, Southwest Gas Holdings' President and CEO, said, "The acquisition of Questar Pipelines is a milestone moment for the Company that we believe will provide significant financial and strategic benefits to our company, shareholders, employees and partners, as we continue to significantly increase our role in the transitioning energy landscape. In particular, this transaction further enhances our earnings metrics, further diversifies our business with FERC-regulated infrastructure, secures consistent rate-regulated cash flow, supports dividend growth, and increases our business flexibility for funding our capital needs, thereby creating significant near- and long-term value for shareholders. Further, Questar Pipelines' exceptional re-contracting record, its high-quality, long-standing customer base and our shared culture of safety, makes it an attractive addition to our regulated business platform. This acquisition accelerates our energy transition strategy by strengthening our ability to provide affordable, low carbon energy to customers while positioning us to transport renewable natural gas, responsibly sourced gas, and eventually, hydrogen and CO<sub>2</sub>."

Donald R. Raikes, President of Gas Distribution for Dominion Energy, said, "We are pleased to see this valuable business join forces with Southwest Gas Holdings, a company that shares our culture of safety, reliability and operational excellence and commitment to delivering essential services to customers. Together, these companies will continue to build upon an impressive legacy of delivering quality, essential service to customers in the Rocky Mountain Region, to the benefit of all stakeholders."

The transaction is expected to close on or about December 31, 2021, subject to Hart-Scott-Rodino approval and other customary closing conditions. Following the close of the transaction, Questar Pipelines will operate as a standalone subsidiary of Southwest Gas Holdings.
